

External Account Linking

Welcome to Machias Saving Bank's new online banking experience! Transfer from and to your checking and savings account relationships at other financial institution after two simple steps.

Step 1: Add Your Account

1. In the online banking menu, expand Services.
2. Click Link External Account.
3. Input the following information about the account you would like to add:
 - Institution's Routing Number (Only domestic (U.S) banks are allowed.)
 - Your Account Number (Max length of 17 digits).
 - Account Type (Checking or Savings)
 - Click or tap Continue.

Two "micro" deposits will be generated and sent to your external account, typically within 3 business days. Micro deposits are random deposits in amounts less than \$1.00. Once you have received these two micro deposits you will need them later in step two, the verification process.
